

THERMASTORE

GARDEN SHEDS & GARAGES

The THERMASTORE is a step up from the DURASTORE range, this selection is constructed with fully insulated walls and roof panels. While retaining the same robust construction as our DURASTORE models, these easily heated units have the added advantage of retaining heat. This insulation creates a dryer and more comfortable environment for use as workshops and hobby spaces along with being an ideal storage area for your more valuable goods such as cars, vintage vehicles, electrical items and household furniture. *A rebated concrete base is required for all THERMASTORE garden sheds & garages.*

BETTER BUILT BY ADMAN

- **Insulated walls & roof:** constructed using 40mm Kingspan insulated sandwich panel throughout.
- **Heavy duty materials:** heavy duty galvanised structural steel framework combined with fabricated centre support beams for maximum strength.

- **Superior finishes:** safe edge folds on all exterior flashings; external screws finished with protective colour caps and non-drip roof sheeting.
- **PVC gutters & downpipes** fitted to all DURASTORE buildings
- **Maintenance free exterior:** PVC coated in a choice of colours.
- **Window & door options:** roller garage doors, steel pedestrian and double opening doors, steel security and double glazed PVC pedestrian doors and choice of windows.
- **Natural light:** optional UV protected polycarbonate clear roof panels positioned on either side of the roof.
- **Smart storage options:** such as bike and tool racks, workbenches and shelving units.
